

WESTERN NATIONAL
INSURANCE

Environmental, Health & Safety Training

WESTERN NATIONAL has worked with the experts at **Evolved Safety** to deliver environmental, health, and safety training programs to help reduce accidents and injuries for their policyholders. **WESTERN NATIONAL** policyholders now have access to this streaming video program at no cost and other training materials at a preferred price. Programs are available via online courses, on-demand video streaming, or DVD delivery.

Streaming Video Training + Evolved Safety = Success

Streaming video allows you to quickly and easily access video-based training programs via the internet. Streaming video is a convenient way to access video training content on-demand, without having to maintain a physical DVD library. With access to over 600 training topics, streaming video is an excellent way to deliver video training to your workforce.
